Tick here to increase your gift with Gift Aid.

giftaid it

☐ I confirm that I want you to treat this gift, all previous gifts made in the last four years and all future gifts to the charity as Gift Aid donations and that I have paid Income Tax/Capital Gains Tax at least equal to the amount which will be reclaimed by the charity.*

☐ Please tick this box if you do not pay Income Tax or Capital Gains Tax.

*Please note that for your gifts to qualify for tax relief you must be paying at least 25p in tax for every £1 you donate. You can cancel the declaration at any time by notifying the charity. If you are no longer paying Income and/or Capital Gains Tax equal to the tax we reclaim, you should cancel your declaration. Please advise the charity if you change your name or address.

Your regular gift to Great Ormond Street Hospital Children's Charity will help even more children at this special hospital get better, and get home.

It's so helpful for us to know that we'll be getting some extra help from you. Regular gifts give us something to rely on – so we can plan ahead. And, believe us, we have GREAT BIG plans for Great Ormond Street Hospital. We want to get even better at everything we do and everything we offer the thousands of children who come through our doors each year.

So here's what your regular gift will help pay for:

Life-saving research and treatments.

Many of the children who come to us have life-threatening and complex conditions. So we use our expertise to research the causes of childhood illnesses and to find new ways to tackle them – and we turn what we know into life-saving treatments...giving each child the best chance possible.

Giving our wonderful nurses the chance to keep their skills up to date

Our nurses are among the best in the world. Caring for young patients is different from looking after adults. Children may be resilient and super-brave – but they need extra-careful handling when it comes to medical treatment. That's why we always keep our nurses up-to-date with the latest techniques.

Amazing new equipment

From MRI scanners specially adapted for children, to surgical apparatus delicate enough to operate on a baby's heart, you'll be amazed at the extraordinary equipment here at the hospital. It might be expensive, but it is worth every penny. And the more we have, the more children we can help.

Special accommodation for families

Imagine being a young child, desperately ill, and not having your family around you. We do our best to make sure no child experiences this at the hospital. In fact, for every child's bed, we aim to have a bed next to it for mum or dad. For families it can be a tough time too – so we've built a patient hotel that goes towards accommodating 1,000 families a week.

Build brighter, better, more children-friendly wards

It's amazing how details can make a difference. A little bit of sunshine flooding into a ward. A quiet place for mum and dad to have a cup of tea and take a break. A shower room that's next to the bed, not down a corridor or on another floor. That's why we're rebuilding and refurbishing Great Ormond Street Hospital so it is the best it can be for children and their families.

As always...thank you so much for helping even more children get better and get home.
