It's an easy, cheap and fast way to raise more money in a world where more and more people are donating on the go through smart phones, tablets, and laptops. We've put together a few ideas of how to make the most of your fundraising page.

One of the most popular sites is [JustGiving](#), but there are also other sites, such as [Virgin Money Giving](#) or [BT MyDonate](#). Setting up a page is very simple so you'll be up and running with your fundraising in no time.

HANDY HINTS

1

Put a **couple of photos on your page** to document your challenge and you could raise an additional 14%*

2

Aim high – **set yourself a target** and see the donations flood in. People with a target on their page raise on average 46% more than those who don't.

3

Share your story – tell people why you're going to all of that effort. The more that people understand your motivation, the more they're likely to sponsor you.

4

Set up a JustTextGiving code and make it even easier for people to support you. This is easy to do when you set up your JustGiving page. For more information, visit [justgiving.com/justtextgiving](https://www.justgiving.com/justtextgiving).

5

One final push – around 20% of donations come in after your fundraising event, so it's never too late to smash your target!
